

SPRING OFFER:

Reservation & ticket issuance from 22.05 until 23.06.2025.

- 30% discount on catalogue fares for one way and round-trip reservations for travel on the **ANCONA** and **BARI** routes from 22.05 until 20.07 and from 10.09 until 31.12.2025.
- The discount is valid on all passenger fare categories except LUX and on all vehicle fare categories with the exception of campers over 10m long (CAMPER XL).
- The discount does not apply to fuel surcharge, to environmental charge EU ETS and to fares for pet carriage.
- The discount is not retroactive: it is valid only for new reservations and does not apply to tickets whose first issue was made before the start of the offer.
- The discount is combined but not cumulative with the annual commercial discounts (YOUTH, SENIOR, AUTOMOBILE, SEASMILES, FAMILY, etc.). The discount with the highest percentage is granted. It is cumulatively applied only with the return discount.
- The SPRING OFFER does not apply to reservations with OPEN return (originally issued as open) or to reservations that the return is converted to OPEN.
- After June 23, 2025, in the event of any change to the reservation, difference between the SPRING OFFER and the catalogue fares must be paid – difference is calculated on the affected ticket(s).
- In case of cancellation of tickets with the SPRING OFFER discount, 100% cancellation fees apply to the total fare paid.
- Tickets originally issued with the SPRING OFFER discount are valid for travel until 31.12.2025, regardless of any ticket replacement (change of travel date, etc.).
- Limited availability.
